**New De Niro film in the works: Scorsese**

Marvin Scorsese is planning a fresh steppe certain to electrify his audience with the upcoming film. Scorsese has been busy working on a new project that's sure to captivate his fans. The film will be released in Fall 2015, and it's already generating a lot of buzz among movie enthusiasts.

**Fukunaga beats obstacles in ‘Beasts’**

Fukunaga has been praised for his work on the film “Beasts of No Nation,” which tells the story of a child soldier in a civil war-torn African country. The film has faced several obstacles, but Fukunaga has persevered and created a powerful and moving piece of cinema.

**Docudrama about Mexico’s missing students causes stir**

Mexico City, Oct 17, (AFP) — Even before setting movie screen, a docudrama about the disappearance of 43 college students from the state of Guerrero as they tried to block the movie, which debuted in Mexico City cinema on Friday.

In direct, journalist Jorge Fernandez Menendez, has defended his move as the “uncomfortable truth.” The film’s premiere was delayed until Sept. 26, 2015, when students from a teacher’s college were attacked by police in the city of Iguala. Menendez, one of the students who survived the attack, called his appearance on the movie. “This is part of a campaign to assure us back the government.”

**Night of Iguala’ exploits tragedy**

Director Guillermo del Toro has been criticized for his portrayal of the mass murder of 43 students in Iguala. Del Toro, who is known for his work on “The Shape of Water” and “Pan’s Labyrinth,” has faced backlash for his depiction of the事件.
