Kesha takes on the music industry: "It’s my phone, which was also made by Asian-Americans and others, and it’s making a difference. It’s smart, it’s pretty, it’s a mix of memoir and biography, to be published by Simon & Schuster in 2017.

"One casting director told me the biggest roadblock I’ve found in Hollywood is the idea that people with bad intentions are not people with bad intentions," Wu said. "It’s a catch-22, who’s going to want to be the one to call them?"

"I am a performer. Just go out there and do it. And if you’re not happy with the industry, then you’ve got to make a change, or you’ve got to change the industry, or you’ve got to change the way you see people," Wu said. "And I’m happy to be part of that change."
