KUWAIT CITY, April 16: The 15th edition of Imagine Cup was held under the patronage of His Excellency Sheikh Mohammad Abdullah, Minister of the Amiri Diwan Affairs, under the support of His Excellency Sheikh Nasser Sabah Al-Ahmad Al-Sabah, the State of Kuwait has taken a strategic and important dimension with the announcement and conclusion of the 15th edition of Imagine Cup. This global competition is an initiative from the World Bank that helps students, youth, and communities around the world to develop innovative ideas and solutions to real-world problems.

This competition is our way of continuing our vision to foster entrepreneurship and innovation in Kuwait.” The goal is to engage and mentor the students, provide them with the tools and resources they need to succeed, and help them turn their ideas into reality. The Imagine Cup is not just about competition; it’s about collaboration, creativity, and taking risks to make a difference in the world.

Imagining the future of Kuwait, a number of times but this is the first time this is what can make an idea in the market so you come up with something that is a great idea, he added. “It is important to have a good idea to market, hold a business case behind it.”

â€œImagine Cup and Microsoft challenge entrants must be 16 years or older, unless specifically stated in the guidelines for an aspired modern state. Kuwait is a global technology competition that engages and mentors the students, providing them with the tools and resources they need to succeed, and helping them turn their ideas into reality. The Imagine Cup is not just about competition; it’s about collaboration, creativity, and taking risks to make a difference in the world.

The Imagine Cup is a powerful platform for students and youth to showcase their innovative ideas and solutions to real-world problems. This year’s edition of Imagine Cup was a huge success, with a record number of participants from around the world.
