# h o r o s c o p e

**Happy birthday for Tuesday, April 3, 2018:**

This year you opt to get involved in a key cause. There will be no sitting back and letting others act on your ideas. You will personally guide your project and ideas to completion. If you become frustrated, you easily could lose your temper. Try to tame your emotions. If you are single, your appeal soars throughout your birthday year. If you have the ability to create it. If you are attached, the two of you could be working toward a key goal together. Listen to each other's thoughts and ideas. SCORPIO helps ground you.

The Stars Show the Kind of Day You'll Have: 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult.

**Capricorn** - (Dec 22 - Jan 19)

\*\*\* You open up to new possibilities. The

unexpected plays into a decision. A close friend understands why you are following a certain course, and won't interfere with your pace or your decision. This person will give you powerful feedback. Tonight: Out among the crowds.

**Aquarius** - (Jan 20 - Feb 18)

\*\*\*\* Be willing to take the lead with an important project. You seem to have an unusual interest in pursuing this matter. Demonstrate your leadership skills. You see what is happening in a different way from how most people involved see it. Tonight: Burn the candle at both ends.

**Pisces** - (Feb 19 - Mar 20)

\*\*\* You see what most don't. You'll want to push a key matter to fruition. Try to understand where others are coming from. You also might need to pull back in order to gain a broader perspective than you have up till

now. Listen to what people share. Tonight: Enjoy the moment.

**Aries** - (Mar 21 - Apr 19)

\*\*\* You are more than willing to make an effort toward a key person in your life. You and this person also might need to reach out to a mutual friend. Those around you will be positively affected because of the hard work you put in. Tonight: Be sensitive to a loved one's feelings.

**Taurus** - (Apr 20 - May 20)

\*\*\*\* Others appear to be knocking on your door. Make it OK to ignore outside activity for a little while. You want to have less of a hectic pace. Not everyone can sustain your high level of energy, which is a gift that allows you to accomplish more than most people. Tonight: Out late.

**Gemini** - (May 21 - June 20)

\*\*\* Recognize your limitations. Explain what you expect from someone, but don't forget to be receptive to his or her needs as well. You have to be more direct with a person you deal with on a daily basis. If you put in that extra effort, you will be rewarded. Tonight: Out till the wee hours.

**Cancer** - (June 21 - July 22)

\*\*\*\* A loved one seeks you out, as he or she has a lot to share. As a result, you might need to rearrange your schedule. Your willingness to put in 100 percent when dealing with emotional situations comes back in multiples. Recognize the need to stay open. Tonight: Be spontaneous.

**Leo** - (July 23 - Aug 22)

\*\*\*\* Continue working from home, if possible. A low-key environment encourages more productivity as well as a greater sense of security. Events around your home

seem fortunate at this time. Be more forthright about what is happening around you. Tonight: Stay close to home.

**Virgo** - (Aug 23 - Sept 22)

\*\*\*\* Your ability to grasp the various outcomes that stem from one decision could surprise others. Make an effort to connect and brainstorm with friends. Screen your calls, knowing full well that you easily could go overboard if you are not careful. Tonight: Out and about.

**Libra** - (Sept 23 - Oct 22)

\*\*\*\* You'll want to deal with an important matter that might be affecting your ability to move forward. Be aware that relationships with siblings could be difficult right now. Share your feelings and clear the air to allow greater depth. Tonight: Pretend that you are Casper the Ghost.

**Scorpio** - (Oct 23 - Nov 21)

\*\*\*\* The Moon in your sign highlights you. Over the next few days, you'll move a project to completion, or at least to the next phase. Events occur that will leave you shaking your head in amazement. Know that you don't need to run interference. Tonight: Go for what you want.

**Sagittarius** - (Nov 22 - Dec 21)

\*\*\* Take your time dealing with a difficult person. You might feel as if you can get this situation under control. You will succeed if you remain positive. Understand what is going on with others. Open up discussions once everyone is relaxed. Tonight: Express your ideas clearly.

## Dear Abby

Man's 'chronic conditions' prompt gf to weigh option

By Abigail Van Buren

**Dear Abby:** I have been in a relationship for four years. My partner has fibromyalgia and rheumatoid arthritis. When we met, he had just found out. He was still active, working. Fast forward: He is now on disability, not working at all and he never leaves the house. I love him still, but I didn't realize how hard this would be. I know he has a lot to cope with, but it's hard on me as well. I have to work, do most of the chores and beg him to go out. We are only in our mid-20s, and I'm afraid for our future. I feel like I'm already 80 years old. I don't want to leave him, but I also don't want to live this way. Any advice would be helpful.

— **Bad deal in the Midwest**

**Dear bad deal:** What a sad letter. You are both young, with many years ahead of you. You have a difficult decision to make. Because you feel you are not up to the challenge of taking care of a chronically ill individual, it may be time to end the relationship. If you are staying out of obligation or pity, it isn't fair to either of you.

Abigail

**Dear Abby:** My mom is in the habit of using her inner shirt as a pocket. When we go out, she puts her wallet and change purse inside and then wears a tight-fitting jersey or tank top. The outline of what she is storing is noticeable. My friends and my sisters have noticed it and ask why she doesn't use a purse like others do.

Mom says it's a convenient and safe place for her money and valuables. On a bus trip, she also stored a camera in there. It drew a few puzzled stares from other travelers. What do you think of this?

— **Not in there, please**

**Dear not:** I have it on good authority that your mother is not the only woman who uses her inner shirt as a pocket or filing cabinet. If it works for her, and she doesn't mind people asking her why she does it, stop judging her for doing something harmless that seems efficient for her.

**Dear Abby:** Fifteen years ago my sister-in-law and I had a mutual friend, "Barbie," who told me something unflattering about my sister-in-law. My relationship with my sister-in-law has been fractured ever since. I have severed my relations with this "friend" for numerous other reasons, but Barbie is still good friends with my sister-in-law.

Recently, I have felt that I should let my sister-in-law know how this woman betrayed her friendship by telling me her secret. Should I tell my sister-in-law or leave it alone and let her find out for herself? Seeing her buddy up to this person makes me crazy.

— **Going nuts in North Carolina**  
**Dear going nuts:** If a friend of mine leaked personal information about me, I would want to know, wouldn't you? Your sister-in-law is friendly with Barbie because she doesn't know she can't be trusted. Rather than tell your sister-in-law what you were told, approach it this way: "Is it true that ...?" And when she asks where you got such an idea, then tell her it's what Barbie told you.
