## h o r o s c o p e

By Jacqueline Bigar

**Happy birthday for Wednesday, July 11, 2018:** This year you have to act on your impulses rather than hold back. You might find that a long-term desire emerges from out of the blue. If you are single, romance is yours, if you are open to the experience. This person could be a friend. If you are attached, the two of you grow to a new level of understanding. As a couple, you will go through some difficult phases that will be important to work through. A fellow Cancer makes a great confidant.

The Stars Show the Kind of Day You'll Have: 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult.

**Capricorn** - (Dec 22 - Jan 19)

\*\*\*\* Let others know how you feel, and be more open. Your inclination might be to do the opposite, but resist behaving in that way. Feelings remain intense and intuitive.

Try to turn a personal matter around through more understanding. Tonight: Accept a friend's suggestion.

**Aquarius** - (Jan 20 - Feb 18)

\*\*\*\* You might feel somewhat naughty in the morning. You could have a difficult time settling in and doing your work before the afternoon. Allow your creativity to flourish when you hit an obstacle. A partner could be full of suggestions. Tonight: Run errands on the way home.

**Pisces** - (Feb 19 - Mar 20)

\*\*\*\* Allow your feelings to flourish. A friend might be a naysayer to whatever you suggest. An older friend might be distant for personal reasons. Free yourself up, and enjoy the moment to the max. The afternoon has its own set of hassles, but you can get around them. Tonight: Be frisky.

**Aries** - (Mar 21 - Apr 19)

\*\*\* Conversations in the morning might need to be rehearsed at a later point. Though a partner seems to be focused, he or she might not be able to grasp every detail you share. Pause to ask yourself what is being lost in translation, and then find a solution. Tonight: Indulge a whim.

**Taurus** - (Apr 20 - May 20)

\*\*\*\* Communicate what is going on in the morning. You will be more gracious later in the day. Postpone a conversation if you can. Your unpredictability could emerge at any point. Expect a strong reaction. You could have difficulty with someone at a distance. Tonight: Share news.

**Gemini** - (May 21 - June 20)

\*\*\* Use the morning for anything that requires you to make a good impression. A

change in priorities might cause a different orientation in the afternoon. Others seem distracted, and getting their attention could be difficult. Tonight: Treat a loved one to dinner or a shopping spree.

**Cancer** - (June 21 - July 22)

\*\*\*\* Your feelings swing from one extreme to the other. You might refuse to acknowledge them, or just allow them to wash over you. In the afternoon, you have the energy and desire to be more direct and forceful. It could be difficult to make a sudden change. Tonight: All smiles.

**Leo** - (July 23 - Aug 22)

\*\*\*\* You might want to convince others of the rightness of your ways. Attempt to stay on top of a personal matter as well, but use the afternoon to address this concern. You will gain more information, and your listening skills will become a high priority.

Tonight: Take off with a friend.

**Virgo** - (Aug 23 - Sept 22)

\*\*\*\* You need to be more aware of what others are expecting from you. You might feel that certain people are being somewhat distracting. Friends seem to surround you. Recognize that you might not have enough time for them right now. Tonight: Where you are, there is a party.

**Libra** - (Sept 23 - Oct 22)

\*\*\*\* In the morning, you might want to understand others' motives for doing what you judge to be "off the wall." Imagine what it is like to be each person. Once you have identified more with a key individual or two, you will come up with a great idea. Tonight: A must appearance.

**Scorpio** - (Oct 23 - Nov 21)

\*\*\*\* You'll be up for an intense interaction with a loved one more than you have been lately. Some of you might get in to work late. Don't be surprised by some of the far-out reactions you receive. Consider a change of pace as being necessary. You have a lot to think about. Tonight: Relax.

**Sagittarius** - (Nov 22 - Dec 21)

\*\*\*\* Allow more give-and-take between you and others. You could be in a position where you want to change direction. The unexpected occurs around your day-to-day life. Your schedule might stumble into chaos. Keep a close eye on your budget. Tonight: Make it a special night.

### beauty tips

maintenance of lipstick

Layering your lip color in the hope that it will stay longer does not make sense. Blotting your lips with a tissue between layer applications will destroy the suppleness of the waxes in your lipstick. Layered lipstick is very difficult to maintain and impossible to retouch; the same is true of long-lasting lipsticks, which can also be dehydrating and uncomfortable to wear. You will need to clean your lips completely and reapply your lip makeup from scratch.

Glosses and creamy lipsticks need to be re-touched more often than long-lasting lipstick, but they are easier to retouch and keep fresh and free of small particles that can get stuck to the lips.

stuffed peppers with feta

**Ingredients:** 18-20 red peppers; 1 1/3 pounds of feta cheese; 3 tbsp of olive oil; 4 heaping tbsp of finely chopped parsley; 2 small hot peppers (of your choice), finely chopped; 1/2 tsp of salt; 1/2 tsp of pepper; bread.

**Method:** Preheat oven to 390°F (200°C). Cut a cap off the tops of peppers, and scoop out seeds, taking care not to break or tear the pepper. In a bowl, mash the feta with a fork until soft. Add oil, parsley, hot peppers, salt, and pepper and mix until very well combined. Using a small spoon, stuff the cheese mixture into the peppers. Lay the peppers in a lightly greased or nonstick baking pan and roast for 20 minutes or until they soften.

## Dear Abby

Wife of perfect husband cheats without remorse

By Abigail Van Buren

**Dear Abby:** I have a wonderful husband of 11 years and three children. "Carl" is attentive, caring and always puts the needs of our family first. You could say he is everyone's dream husband.

Long story short, I cheated on him while I was on vacation. It started as innocent flirtation, but then it went further. When "Brad" kissed me, I knew it wasn't going to stop there. Afterward, I not only didn't feel guilty, I did it again. I have been quietly communicating with Brad and sent him revealing photos and a graphic video of myself. He loved it, and we plan to meet again soon.

Please help me understand why I am cheating on such a wonderful husband. Shouldn't I feel guilty? What can I do to stop this before it gets out of control and Carl finds out? I really don't want to lose him.

— Don't feel guilty

**Dear don't feel guilty:** I have a flash for you. This fling is already out of control. While the excitement may have gone out of your marriage, I guarantee that when Carl gets wind of this — start the countdown now — you'll have an abundance of it.

If you really value your marriage, start devoting as much energy to working on it as you have been directing toward Brad. And pray that Brad is a good enough sport to delete the incriminating photos and video.

**Dear Abby:** I am in love with a man who is 28 years younger than I am. I'll call him Albert. We want to get married, but I'm not sure how much the age difference really matters. We have been seeing each other for almost a year, and I know he loves me. We haven't told anyone except a few people. My son, 28, and my daughter, 40, don't know how serious we are. My granddaughter knows everything.

I know my children may object because of the age difference and the fact that Albert is from another country (in Africa). To me, that doesn't matter, and it may not to them, but Albert is worried that Immigration may question us. We are both private people, and we want to be together as husband and wife.

I can't give him children, but there are other ways we can have a child of our own. I want my kids to be happy for me. I really need to know what you think.

— Lost in love in North Carolina

**Dear lost:** That Albert is afraid of the questions Immigration might ask raises a red flag for me. What I think is that if you choose to proceed — as I suspect you probably will — you should be very cautious doing so.

**Dear Abby:** I have a concern I suspect is shared by others. Keeping a journal has been shown to be of significant psychological benefit, but I do not want my private thoughts and concerns read by others after my death. Is this silly of me? I realize I'll be dead and gone, but the possibility of it happening inhibits me from recording my thoughts and feelings. Thanks for any insights you and/or your readers can offer.

— Private in Virginia

**Dear private:** Unless you have an executor you can trust to dispose of your journals when you are gone, my recommendation would be to keep your journals online, in the cloud, and able to be accessed only by you.
