# h o r o s c o p e

By Jacqueline Bigar

**Happy birthday for Tuesday, July 16, 2019:** This year, you often feel as though a situation will go one way, but then you see that situation flip to another path. You work well in flux and will need to this year. If single, you could meet someone who makes your heart do flip-flops, but this bond will take a while to form. If you're attached, don't lose sight of mutual goals. Keep communication open and nonjudgmental. Capricorn can be demanding.

The Stars Show the Kind of Day You'll Have: 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult.

**Capricorn** - (Dec 22 - Jan 19)

\*\*\*\*\* You might feel highly energized or totally drained. Today's eclipse is in your sign and could drain you. What occurs today might not be as important as what happens in

a month. Tonight: Remain upbeat.

**Aquarius** - (Jan 20 - Feb 18)

\*\*\*\* You might not be comfortable with your feelings. You would be well-advised to do nothing and try to remain nonreactive. Given time, your perspective could change considerably. Tonight: Get as much R and R as possible.

**Pisces** - (Feb 19 - Mar 20)

\*\*\*\* Keep your focus on a goal. You might note that friends could be volatile or extremely busy. You may choose to be there for them, but at the same time, complete what you want. Tonight: Where your friends are.

**Aries** - (Mar 21 - Apr 19)

\*\*\*\* At present, you could feel as though

you're carrying the weight of life's responsibilities. A seriousness carries you through the day; at the same time, you're eyeing a self-generated change. Tonight: Do your thing. Stay as mellow as possible.

**Taurus** - (Apr 20 - May 20)

\*\*\*\*\* Be willing to take the next step. If you're having several disagreements, detach; walk in the other parties' shoes. You'll get a better grasp of the dynamics of an issue. As a result, resolutions will be more easily achieved. Tonight: Listen, but don't get yourself in the middle of a lively discussion.

**Gemini** - (May 21 - June 20)

\*\*\*\*\* You seem to have an important discussion with a partner, friend or loved one. The results might not be what you desire because others are on edge at this point in time.

You might've wanted a change but not of the variety that could be suggested. Tonight: Say little. Mum would be great.

**Cancer** - (June 21 - July 22)

\*\*\*\*\* Rather than getting into a discussion or overly lively talk, defer to a loved one. You might've come up with an unusual and creative yet viable idea. Still, wait a day or two before presenting it. Others might not be particularly centered. Tonight: Go with the flow.

**Leo** - (July 23 - Aug 22)

\*\*\* How you feel and what you're able to accomplish might be major concerns at present. Currently, your energy might be fluctuating. This situation will change in several days. Do what you must; then, decide about the rest. Tonight: Soak away stress.

**Virgo** - (Aug 23 - Sept 22)

\*\*\*\*\* You might have been wanting a more dynamic, creative opportunity. What might pop right now could look like the opposite. Know that you're in a state of flux. Nothing that happens is written in stone. Tonight: Keep it light and easy.

**Libra** - (Sept 23 - Oct 22)

\*\*\* Your focus surrounds your personal and domestic life. You inevitably have an agenda about what you desire. You might feel somehow threatened by today's happenings, yet you just opened the window to possibilities. Tonight: Home is where the heart is.

**Scorpio** - (Oct 23 - Nov 21)

\*\*\* Even if you find that a disagreement

arises, keep a conversation open. You want to stay fluid because more changes are likely; ultimately, they'll be far better for you. Even if you want to, don't close someone off! Tonight: Catching up on news at a favorite spot.

**Sagittarius** - (Nov 22 - Dec 21)

\*\*\*\* You could be able to see a personal matter in a different light because of what might be happening around you. Try not to get too attached to a certain path for a certain outcome. Know that there are many ways to reach that goal. Tonight: On the way home, buy a treat.

## home decor

pan protector

Using cushion glassware, rubberized shelf liners can protect pots, pans, servers, and more from damage — and your nerves from noise.

You can make pan protectors from old tablemats, scissors and cookware for measurements. Cut the mats into flower shapes. As the tablemats are of soft rubber they can be used to fit different size pots.

Another, idea for pan protector can be paper plates. Place paper plates between cookware or when stacking glass plates.

## indoor gardening

phalaenopsis appendiculata

It is a beautiful miniature with very unique lip structure. This rare species is also very floriferous and free flowering. Sepals and petals white stained of mauve. The lateral lobes are white with mauve apex. The midlobe is pale yellow with violet tasks. Plant blooms in spring with several flowers

**Site:** Keep in partial shade.

**Temperature:** Grow in warm temperatures

**Water:** Water about once a week. Keep plant fairly moist but not wet.

## beauty tips

coconut milk for complexion

Warm half cup of canned coconut milk in the microwave for thirty seconds. Stir in two table-spoons honey. Massage into skin and leave on for ten minutes. Rinse with warm water.

Coconut milk contains lactic acid — an emollient and honey which is a cleanser, leaving your complexion looking bright and renewed.

## taste buds

cherry yogurt drink

**Ingredients:**

- 1 cup yogurt
- 1/2 cup Water
- 1 cup sweet cherries, deseeded
- 2-3 tsp sugar

**Method:** Blend together the cherries, yogurt, water and sugar in a blender till it becomes frothy. Pour into individual glasses and garnish with some fresh cherries. Chill and serve.

## Dear Abby

Hubby 'refuses' to discuss wife's important questions

By Abigail Van Buren

**Dear Abby:** My husband and I have been married for three years. He's 26, and I'm 28. We have a good life, and he loves my 9-year-old daughter like his own child.

My husband is originally from Turkey and comes from a good family. However, I have yet to meet my in-laws. He avoids talking about my meeting them. I have talked to his younger sister and things are well and his family knows about us. But anytime I try to talk to him about money, meeting his family or starting a family, he refuses to discuss it.

I have spoken to him calmly and rationally. We have a lot in common, but anything stressful he avoids like the plague. If we get into an argument, he shuts down and walks out of the house. Recently, we got into a fight and he threw his phone at me because I shut our bedroom door. I don't yell at him.

Abigail

— **Clueless in Iowa**

**Dear Clueless:** That your husband refuses to discuss meeting his family, won't talk about money with you, throws his phone at you when he's angry and clams up when you try to talk about starting a family are serious red flags. Because you have established a relationship with his sister, start asking her why her brother behaves the way he does. You may have better luck getting answers from her.

Although you say you have a "good life" with this man, if nothing changes, will you feel that way in years to come as your biological clock ticks away? From where I sit, your description of the man you're living with seems more like a houseman than a husband. Counseling might help you to improve the level of communication in your marriage, if you can get him to agree to it. Something is very wrong here.

**Dear Abby:** I recently took a friend out to dinner as a thank-you. We are both retired, and she knows my budget is limited. At lunch she ordered a very expensive glass of wine, two full meals, the most expensive dessert on the menu and coffee. I ordered my meal and a glass of water.

Of course, no one could consume that much food for lunch. She left with three bags of leftovers, and I was left with an extremely large bill and a bad taste in my mouth. Is it just me or do you agree this is bad manners? If I truly thought she needed this food to get through the week, there'd be no problem. But this person is wealthy.

— **Ticked Off In Texas**

**Dear Ticked Off:** Your wealthy acquaintance took advantage of you. What happened proves the truth of the adage that because people have money doesn't guarantee they have class. The next time she does you a favor and you want to repay her, buy her a nice card. And if you have a meal together, ask for separate checks.
