

What's On

h o r o s c o p e

By Jacqueline Bigar

Happy birthday for Monday, May 20, 2019: This year, you will often want to materialize a long-term goal. You must stay dedicated and on point. If single, you could meet someone through your work. Use care in mixing romance with your job. If attached, the two of you work well as a team even though your ideas could be very different. Sagittarius watches your interactions with curiosity.

The Stars Show the Kind of Day You'll Have: 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult.

Capricorn - (Dec 22 - Jan 19)

*** You might have a lot going on in your mind or in a segment of your life you would prefer not to share. You could be confused about how to deal with a problem. Get ad-

vise, but weigh the pros and cons. Tonight: Get as much sleep as possible.

Aquarius - (Jan 20 - Feb 18)

**** You have the energy to cross a barrier or restriction. Before you leap, make sure you are not making a mistake. Reach out for several people who can give you feedback. Your sixth sense comes into play. Listen to it. Tonight: Where the crowds are.

Pisces - (Feb 19 - Mar 20)

*** Defer to others, but make sure you are not walking away from a situation where you need to be involved. Listen to feedback and opinions, even if you haven't asked for them. Others have strong feelings. Tonight: Go to the wee hours.

Aries - (Mar 21 - Apr 19)

**** You feel free and easy, yet you seem to be able to distinguish excess. You put on the brakes before going overboard. You will see a situation or an offer in a different light a day from now. Wait. Tonight: Off enjoying yourself.

Taurus - (Apr 20 - May 20)

**** You will see a situation differently today than in the near future. A sense of expansion and good luck surrounds you at present. Explore options. Check in with a dear friend who has as much, if not more, knowledge than you in making a certain decision. Tonight: With your favorite person.

Gemini - (May 21 - June 20)

**** Others seek you out with a definite idea in mind. Your job will be to sort fiction from reality. You want to make a good deci-

sion. Getting feedback can only help. Stay on top of your responsibilities. Can you handle more? Tonight: As you like it.

Cancer - (June 21 - July 22)

*** You have a lot to do and many calls to return. You could feel hassled, but ultimately you will get through enough that you will be more relaxed by the end of the day. Energy and insight merge, allowing you to see a broad universe. Tonight: Relax at home.

Leo - (July 23 - Aug 22)

**** Your attention or focus remains on a child or loved one. Your creative juices flow. Try to write down some of your ideas. One or two might be more viable than you think. You might be surprised when you take time to look at this list. Tonight: Add some

naughtiness.

Virgo - (Aug 23 - Sept 22)

*** Pressure builds at home. Your renowned efficiency could help even out a problem. You see a lot of potential regarding which way you can go. Open up to a vibrant person who always takes risks. You make an interesting combo. Tonight: Stay centered.

Libra - (Sept 23 - Oct 22)

**** You are unusually vibrant and upbeat. Do not push as hard to achieve certain results. An easygoing manner will help you get past a problem. Others will want to work with you. Assume a very positive attitude, no matter what comes down the path. Tonight: Hang out.

Scorpio - (Oct 23 - Nov 21)

**** Decide to eliminate a problem before it happens. You could find out you have more funds than you thought, but you also might have more bills than in the recent past. Do not get nervous. You can certainly handle what is coming down the path. Tonight: Pay bills first.

Sagittarius - (Nov 22 - Dec 21)

**** You seem to do no wrong no matter what. Try to stay centered and refuse to become involved in situations you cannot follow through with. Understand your liabilities, especially timewise. Tonight: All smiles.

Dear Abby

Friend 'declines' to attend wedding she can't endorse

By Abigail Van Buren

Dear Abby: My dear friend of many years is marrying for the fourth time. Her fiancé is verbally abusive and a heavy drinker. After a particularly bad period she went through with him, I told her that if she went ahead and married him, she should just let me know when it was over because I had no desire to witness this union.

Well, she called me a few days ago with the date, assuming I was going to go. When I reminded her of what I had said, she said she hadn't believed me. She wasn't happy about my refusal to go, but seems to have accepted it. My question is, do I need to acknowledge this wedding (only six people are attending) with a card or just let the day pass?

— Not A Fan Of The Man

Dear Not A Fan: Be prepared for the fact that your decision not to attend her wedding may result in distancing you from your friend. Send a sweet card with your good wishes. Then cross your fingers and pray for her well-being.

Dear Abby: I am a disabled vet, long divorced. My significant other is a widow eight years older than I am, who suffers from advanced arthritis. I love her with all my heart, but I have become a full-time caregiver when I pretty much need someone to take care of me. I find myself almost wishing she would pass, so I could lay down and die myself. Any thoughts?

— Worn Out In The Carolinas

Dear Worn Out: Yes, but before I share them I want to thank you for your service to our country.

As much as you love your lady friend, your own health must come first. For both your sakes, you must not allow taking care of her to make you sick.

Does she have family who could help out? If not, perhaps social services can guide you in finding someone to assist her with the duties you have taken on. However, before doing that, please talk with your doctor and tell him or her what you have written to me because the feelings you describe may be symptoms not only of exhaustion but also depression, which is treatable.

Dear Abby: My family and I are set to take a weeklong vacation with another family this summer. We will be renting a house. What is the appropriate split for the rental fee? My wife and I have four children; the other couple has two. All of the children are under the age of 8.

I think my wife and I should pay more because our family is larger. My wife agrees, but isn't sure what the split should be. The other couple wants to pay 50/50, saying the children are so little they shouldn't be considered in the cost of the trip. I think an appropriate compromise would be for each family to pay half the rental, but my wife and I pay for all of the food. What do you think?

— Happy Problem

Dear Happy Problem: I think it would be appropriate to offer a split of 60/40. That way you would be paying a little bit extra. However, if they still prefer splitting it in half, you should agree rather than argue.
