By Jacqueline Bigar

**Happy birthday for Tuesday, Jan 28, 2020:** This year, you will want to take some major steps toward a financial goal, yet you might hold back. Practicing caution might be essential until you have checked out each possibility carefully. If single, you might feel that several potential suitors are emotionally unavailable. Walk away before getting too involved. If attached, allow your feelings to dominate more. Your relationship will ultimately benefit. Pisces encourages you to be more sensitive, not just to others but to yourself as well!

The Stars Show the Kind of Day You'll Have: 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult.

\*\*\*\* Others tend to tell it like it is. You

could want to head down one specific path, yet you'll hear alternatives whether you requested them or not. Listen. It's possible another person could have a better idea. Tonight: Squeeze in some extra sleep.

**Aquarius** - (Jan 20 - Feb 18)

\*\*\* You are a force to be dealt with. You might want to speak to several different people in order to gain a perspective on a matter. You can and will make a big difference once you grasp the many possibilities ahead of you. Tonight: Treat yourself to a new item.

**Pisces** - (Feb 19 - Mar 20)

**Taurus** - (Apr 20 - May 20)

\*\*\*\* Speak your mind and you will draw results that you might not have considered. You may not realize it, but you are heading in the right direction. Continue down your present path. Others support you on this journey. Tonight: Where you want to be.

**Gemini** - (May 21 - June 20)

\*\*\*\* You know what you need to do. You will take the lead even if you are hesitant to some degree. Consider your innate resistance and explore what is holding you back. An authority figure lets you know what he or she thinks. Tonight: Could go till the wee hours.

**Cancer** - (June 21 - July 22)

**Leo** - (July 23 - Aug 22)

\*\*\*\* A key person in your life demands more attention. You might want to pull back and gather more information before making a major decision. Be willing to explore your

options, knowing full well what needs to happen. Tonight: Play follow the leader.

**Virgo** - (Aug 23 - Sept 22)

\*\*\* You sense that the smart move is to follow the leader. Others will respond to you, but also, by giving them a nod, you give others the support and confidence they need. Try to pack away your critical commentary for a while. Tonight: Go with the moment.

**Libra** - (Sept 23 - Oct 22)

\*\*\* Plunge into the moment and get the job handled. You might feel overwhelmed by all that is on your plate, so consider your options carefully. Not everything or everyone falls into place. You may sense some confusion. Tonight: Have a long-overdue discussion.

**Scorpio** - (Oct 23 - Nov 21)

\*\*\*\* Creativity feeds your imagination, taking you down a new and unique path. How you handle an individual could change as a result. Your ability to get past a snafu encourages others. A meeting is significant. Tonight: Allow your imagination to go haywire.

**Sagittarius** - (Nov 22 - Dec 21)

\*\*\* Stay centered and don't permit a momentary mood to become an obstacle. Knowing what allows you to get stronger results. You might want to have a discussion with someone who has more expertise in such matters. Tonight: All smiles as your feelings evolve.

## Dear Abby

Daughter wishes stepfather would visit mom more often

By Abigail Van Buren

**Dear Abby:** My mother is in a locked ward of a nursing home because she has Alzheimer's and is a flight risk. My stepfather has begun dating her best friend. He doesn't consider it dating because, at 85, he's no longer capable of having a physical relationship. However, taking someone to dinner, the theater or to a movie constitutes a date to me. People in our small town are talking. I don't care about that. It's not their business.

I don't begrudge my stepfather and his lady their relationship, but he no longer visits Mom as often as he used to. He looks for any excuse not to. An example: He will say he doesn't want to drive in the rain, then drive in a downpour to go on a date with "The Other Woman." He says Mom forgets he was there five minutes after he leaves, which, unfortunately, is true. But she lights up when she sees him, and it gives her a moment of joy to visit with him. She knows he's her husband, and the last time we had a family visit, she snuggled up to him and said, "I love you."

Am I wrong to think my stepfather is not fulfilling his vows by neglecting his wife of 25 years? I truly do not mind that he's lonely and dating, but I feel he should balance his time between the two women in his life.

— Fair-minded In Texas

**Dear Fair-minded:** You say you don't begrudge your stepfather having a social life, and yet you call what he's doing neglect. Whether your mother is aware of the fact that he's spending time away from her is debatable. I assume she's receiving excellent care, and that both of you check to ensure it.

Quite frankly, what I think about this is irrelevant. The person with whom you should discuss this is your stepfather. Unless you have walked a mile in his shoes, I do not think you should judge him.

**Dear Abby:** I love my brother, but my sister-in-law, "Daisy," drives me crazy. Luckily, they live in another state.

I want to see my brother, but getting together always involves his wife. When they travel to see us, they stay for about a week. All Daisy wants to do when they are here is shop. My husband and brother have no interest in going, so it's just the two of us.

My problem is, whatever I buy, she buys the same thing. Or, if she sees me wear something she likes, she looks for the same thing to buy. She thinks it's OK because they live in a different state. Daisy does this with her other sister-in-law, too, and they live in the same city. We're both fed up. What should we do?

— Copied In Florida

**Dear Copied:** It is said that imitation is the sincerest form of flattery. Daisy may be insecure about her own fashion choices, which is why she copies yours. Because this bothers you to the degree that it does, the direct way to deal with it would be to tell Daisy it makes you feel encroached upon. Either that or, when you take her shopping, tell her you are going along only to keep her company while SHE shops, and keep your wallet in your purse.
